Failure to do so may result in a recommendation to participate in Parent Choice/Distance Learning only.

Students must be screened upon arrival at school.

Students must wear a mask at ALL times while on school grounds.

The mask must cover the students face including nose and mouth.
Masks must be washed/cleaned nightly.

Students will follow all COVID mandates including handwashing, social distancing, sneezing into the arm, cleaning and disinfecting regularly, avoiding contact with people who are sick, avoiding touching their eyes, nose, and mouth, and staying home when sick.

Students will not have access to water fountains due to health mandates – they must bring their own CLEAN water bottle from home.

Students must go quickly and quietly to their assigned classroom following the assigned routes.

Students must stay in their assigned classroom and at their assigned desk at all times, unless instructed by staff to do otherwise.
